- 7. Notifications
- 8. Marketplace
- 9. Riders
- 10. Artisans
- 11. Business Reports
- 12. Business Settings
- 13. Notes
- 14. Account Types Explained
- 15. Troubleshooting & Tips

## 1. Getting Started

### 1.1 Creating Your Account

Free Market supports **three account types**:

| Account Type          | Purpose                        | What You Can Do                                                   |
|-----------------------|--------------------------------|-------------------------------------------------------------------|
| <b>Business Owner</b> | Sell products & manage a store | Add products, track sales, manage orders, view reports            |
| <b>Rider</b>          | Offer delivery services        | Create a rider profile, set availability, get delivery requests   |
| <b>Artisan</b>        | Offer skilled services         | List your skills (welding, carpentry, tailoring, etc.), get hired |

### Steps to Sign Up:

- 1. Visit <https://freemarket.fly.dev>
- 2. Click **“Create Account”**
- 3. Choose your account type: **Business**, **Artisan**, or **Rider**
- 4. Fill in your profile details

- 5. Verify your email/phone
- 6. Start using the platform!

**Tip:** You can also browse the marketplace and place WhatsApp orders without an account, but in-app orders require signing in.

1.2 Signing In

- 1. Go to <https://freemarket.fly.dev>
- 2. Click “**Sign In**”
- 3. Enter your registered email and password
- 4. You’ll be taken to your **Dashboard**

2. Dashboard Overview

The **Dashboard** is your command center. When you log in, this is the first screen you see.

2.1 Layout

| SIDEBAR           | MAIN CONTENT AREA                           |
|-------------------|---------------------------------------------|
| FMK Logo          | Top Bar: Search   Install   Icons   Profile |
| Business Name     | — QUICK ACCESS —                            |
| User Profile Card | [New Sale] [Products] [Customers] [Stats]   |
| NOTIFICATIONS     | — TODAY'S OVERVIEW —                        |
| • Notifications   | Revenue   Sales Count   Products   Team     |
| MAIN              | — WEEKLY PROFIT —                           |
| • Dashboard       | Total This Week + Daily Breakdown           |
| • Orders          |                                             |
| • Sales           |                                             |
| • Products        |                                             |
| • Customers       |                                             |
| • Notes           |                                             |
| • Marketplace     |                                             |
| SERVICES          |                                             |
| • Riders          |                                             |
| Sign Out          |                                             |

2.2 Quick Access Cards

Four shortcut cards at the top let you jump to key actions instantly:

| Card       | Icon                                                                              | Action                              |
|------------|-----------------------------------------------------------------------------------|-------------------------------------|
| New Sale   |  | Record a new sales transaction      |
| Products   |  | Manage your product inventory       |
| Customers  |  | View and manage customer contacts   |
| Statistics |  | View business reports and analytics |

### 2.3 Today’s Overview

Four real-time stat cards show your daily performance:

- **Revenue Today** — Total money earned today + transaction count
- **Sales Count** — Number of sales made today
- **Products** — Total products in inventory + low stock alerts
- **Team** — Number of team members + product categories

### 2.4 Weekly Profit Chart

A dark-themed chart showing your **total weekly revenue** with a day-by-day breakdown (Mon–Sun). The “Best Day” highlight shows which day generated the most revenue.

Green = Above average | Red = Below average

## 3. Managing Your Products (Inventory)

### 3.1 Accessing Product Inventory

1. Click “**Products**” in the left sidebar
2. Or click the **Products** card on the Dashboard

### 3.2 Inventory Dashboard

At the top, you’ll see four summary cards:

| Card        | Meaning                                |
|-------------|----------------------------------------|
| Total       | Total number of products listed        |
| Available   | Products currently in stock and active |
| Unavailable | Products out of stock or deactivated   |
| Food Items  | Products categorized as food/meals     |

### 3.3 Product List

Each product row shows:

- **Product Image** — Visual thumbnail
- **Name** — Product title
- **Category Badge** — e.g., “GENERAL”

- **SKU/Description** — Short identifier
- **Price** — Selling price in ₦ (Naira)
- **Stock Status** — “In Stock ·X” or “Low Stock ·X”
- **Margin** — Profit percentage
- **Rider Assignment** — “Ping Rider” button to assign delivery
- **Toggle Switch** — Enable/disable product visibility
- **Edit** (✎) — Modify product details
- **Delete** (🗑) — Remove product permanently

### 3.4 Filtering & Searching

Use the filter bar to find products quickly:

- **Search** — By name, SKU, or category
- **Category Filter** — All Categories dropdown
- **Stock Filter** — All Stock / In Stock / Out of Stock
- **Type Filter** — All Types dropdown
- **Availability Filter** — Available & Unavailable / Available only / Unavailable only

### 3.5 Adding a New Product

1. Click the “+ **Add Product**” button (top right)
2. Fill in the product form:
  - Product Name
  - Category
  - Price
  - Cost Price (for margin calculation)
  - Stock Quantity
  - Description
  - Product Images
3. Click **Save**

### 3.6 Categories Management

Click the “**Categories**” button to:

- Create new product categories
- Edit existing categories
- Delete unused categories

### 3.7 Assigning a Rider

Click “**Ping Rider**” next to any product to assign a delivery rider for that item.

## 4. Sales & Transactions

### 4.1 Accessing Sales

Click “Sales” in the left sidebar.

### 4.2 Sales Overview Cards

Four summary cards at the top:

| Card                 | Shows                                              |
|----------------------|----------------------------------------------------|
| <b>Total Revenue</b> | All-time or filtered total earnings                |
| <b>Transactions</b>  | Total number of sales transactions                 |
| <b>Cash</b>          | Total revenue from cash payments                   |
| <b>Transfer/POS</b>  | Total revenue from bank transfers and POS payments |

### 4.3 Recent Receipts

View your latest transactions as receipt cards showing:

- Receipt Number (e.g., REC-20260704004...)
- Date & Time
- Payment Method badge (Transfer / Cash)
- Items purchased
- Customer name
- Total amount
- Action buttons:  (View details) |  (Print receipt)

### 4.4 Sales Table

A detailed table with columns:

- **Receipt** — Receipt number + item count
- **Items** — Product icons
- **Customer** — Customer name (or “Walk-in”)
- **Total** — Amount paid (with discount shown in red if applicable)
- **Payment** — Method badge (Transfer / Cash)
- **Date** — Transaction date
- **Actions** —  View |  Print

### 4.5 Recording a New Sale

1. Click “+ **Record Sale**” (top right)
2. Select products from your inventory
3. Set quantity for each
4. Choose payment method: **Cash** or **Transfer/POS**

- 5. Add customer (optional — defaults to “Walk-in”)
- 6. Apply discount if needed
- 7. Click **Complete Sale**
- 8. Receipt is generated automatically

4.6 Searching & Filtering

- **Search bar** — Find by receipt number, customer name, or product
- **Time filter** — All Time, Today, This Week, This Month, This Year

5. Orders Management

5.1 Accessing Orders

Click “**Orders**” in the left sidebar.

5.2 Order Status Tabs

Filter orders by status:

| Tab        | Description                      |
|------------|----------------------------------|
| All        | Every order                      |
| Pending    | New orders awaiting your action  |
| Accepted   | Orders you’ ve accepted          |
| Processing | Orders currently being prepared  |
| Ready      | Orders ready for pickup/delivery |
| Completed  | Successfully delivered orders    |

**Note:** You may also see “Rejected” status for declined orders.

5.3 Order Card Details

Each order shows:

- **Order ID** — e.g., ORD-20260705-5588
- **Status Badge** — PENDING (yellow) | ACCEPTED | PROCESSING | READY (green) | REJECTED (red) | COMPLETED
- **Customer** — Who placed the order
- **Item Count** — Number of items
- **Date/Time** — When the order was placed
- **Total Amount** — Order value in ₦
- **Expand Arrow** ( ) — Click to see full order details

## 5.4 Managing an Order

1. Click the **expand arrow** on any order
2. Review the order items and customer details
3. Use action buttons to:
  - **Accept** the order
  - **Reject** the order (with reason)
  - **Mark as Processing**
  - **Mark as Ready**
  - **Mark as Completed**
4. Assign a rider for delivery (if applicable)

## 5.5 Order Summary

The header shows: “**X orders total · Y pending**” so you know how many need attention.

## 5.6 Refresh

Click the “**Refresh**” button to load the latest orders.

---

# 6. Customers

## 6.1 Accessing Customers

Click “**Customers**” in the left sidebar.

## 6.2 Customer List

When you have customers, you’ll see:

- Customer name
- Phone number
- Email
- Total purchases
- Last purchase date

## 6.3 Empty State

If you have no customers yet, you’ll see:

“No customers yet. Add your first customer to start tracking.”

## 6.4 Adding a Customer

1. Click “**+ Add Customer**”
2. Fill in customer details:
  - Full Name
  - Phone Number
  - Email Address
  - Address (optional)

3. Click **Save**

6.5 Searching Customers

Use the search bar to find customers by:

- Name
- Phone number
- Email address

6.6 Sorting

Use the “**Most Recent**” dropdown to sort by:

- Most Recent
- Alphabetical (A-Z)
- Total Purchases (High to Low)

7. Notifications

7.1 Accessing Notifications

Click “**Notifications**” in the left sidebar, or click the  bell icon in the top bar.

7.2 Notification Dashboard

The header shows:

“X notifications · Y unread”

7.3 Notification Tabs

| Tab    | Shows                           |
|--------|---------------------------------|
| All    | Every notification              |
| Unread | Only unread notifications       |
| Read   | Previously viewed notifications |

7.4 Notification Types

| Icon                                                                                | Type            | Example                                                 |
|-------------------------------------------------------------------------------------|-----------------|---------------------------------------------------------|
|  | General Alert   | Order updates, system messages                          |
|  | New Order       | “Southern Report just placed an order worth ₦14,000.00” |
|  | Order Cancelled | “Free Admin cancelled order ORD-20260704-9260”          |
|  | Order Completed | Delivery confirmation                                   |

## 7.5 Reading Notifications

- Unread notifications have a **red dot** ( )
- Click any notification to expand and read the full message
- Click “**Mark all read**” to clear all unread badges

## 7.6 Searching Notifications

Use the search bar to find notifications by:

- Title
- Message content

---

## 8. Marketplace

### 8.1 What is the Marketplace?

The **Marketplace** is where customers browse and buy products from all registered businesses on Free Market.

### 8.2 Accessing the Marketplace

Click “**Marketplace**” in the left sidebar.

### 8.3 Marketplace Layout

| SIDEBAR (Filters)   | MAIN CONTENT (Product Grid)          |
|---------------------|--------------------------------------|
| Search Location     | Search Bar + Smart Filter            |
| Location Filter     | Category Tabs: All   Products   Food |
| Product Type Filter | Riders   Artisans                    |
| Category Filter     |                                      |
| Max Price Slider    | "Most Popular Right Now" Carousel    |
| Price Buttons       |                                      |
|                     | Product Cards Grid                   |
|                     | [Product 1] [Product 2] [Product 3]  |

### 8.4 Category Tabs

Filter the marketplace by type:

- **All** — Everything (products, riders, artisans)
- **Products** — Physical goods only
- **Food & Meals** — Food items only
- **Riders** — Delivery service providers
- **Artisans** — Skilled service providers

## 8.5 Filters (Left Sidebar)

| Filter               | Purpose                                                     |
|----------------------|-------------------------------------------------------------|
| <b>Location</b>      | Search by city/area                                         |
| <b>All Locations</b> | Dropdown with location count                                |
| <b>Product Type</b>  | Food/Meals or General Products                              |
| <b>Category</b>      | Specific product categories                                 |
| <b>Max Price</b>     | Slider from ₦0 to ₦500k                                     |
| <b>Price Buttons</b> | Quick filters: Under ₦5k, Under ₦20k, Under ₦50k, Any price |

## 8.6 Product Cards

Each card shows:

- **Price Tag** — Top-left corner (e.g., ₦65,000)
- **Product Image**
- **Product Name**
- **Description** — Short text (truncated)
- **Store Name** — With verified badge
- **“View →” button** — See full product details
- **“Add” button** — Add to cart

## 8.7 “Most Popular Right Now”

A horizontal carousel highlighting trending products.

## 8.8 Summary Bar

Shows: “**X products, Y riders, Z artisans**” currently available.

# 9. Riders

## 9.1 What Are Riders?

**Riders** are delivery partners who transport goods. As a business owner, you can find riders to deliver your products.

## 9.2 Accessing Riders

Click **“Riders”** in the left sidebar (under SERVICES).

## 9.3 Find Verified Riders Page

**Header:** “Find verified riders for your delivery needs”

## 9.4 Search & Filter

- **Search Bar** — Find riders by name or area
- **Country Dropdown** — Filter by country
- **State Dropdown** — Filter by state
- **Vehicle Type Filters:**
  - All Vehicles
  -  Motorcycle
  -  Bicycle
  -  Tricycle (Keke)
  -  Car
  -  Van

## 9.5 Rider Cards

Each rider card displays:

- **Profile Photo** — With online status indicator (green dot = available)
- **Name** — e.g., “Rhodes Maleke”
- **Location** — e.g., “Urukpe, Udu, Delta”
- **Vehicle Type** — e.g., “Tricycle (Keke)”
- **Availability Badge** — “Available” (green)
- **Play Button** — Possibly for voice intro or video
- **“View Profile”** button — See full rider details

## 9.6 Browse by Location

Quick links to find riders in specific states:

- “Riders in Delta”
- “Riders in Jigawa”
- (And more as riders register)

## 9.7 For Riders (Creating a Profile)

If you are a **Rider** account type:

1. Go to your profile
2. Click **“My Profile”**
3. Fill in:
  - Full Name
  - Location/Area
  - Vehicle Type
  - Availability Status
  - Contact Details

4. Set your status to **“Available”** to start receiving delivery requests

---

## 10. Artisans

### 10.1 What Are Artisans?

**Artisans** are skilled professionals offering services like welding, carpentry, tailoring, electrical work, and painting.

### 10.2 Accessing Artisans

Click **“Artisans”** in the left sidebar (under SERVICES).

### 10.3 Find Skilled Artisans Page

**Header:** “Find skilled artisans for your needs”

### 10.4 Search & Filter

- **Search Bar** — Find artisans by name or skill
- **Country Dropdown** — Filter by country
- **State Dropdown** — Filter by state

### 10.5 Popular Categories

Quick-access skill categories with icons:

| Category          | Icon                                                                                | Description                 |
|-------------------|-------------------------------------------------------------------------------------|-----------------------------|
| <b>Welding</b>    |  | Metalwork and fabrication   |
| <b>Carpentry</b>  |  | Woodwork and furniture      |
| <b>Tailoring</b>  |  | Clothing and alterations    |
| <b>Electrical</b> |  | Electrical installations    |
| <b>Painting</b>   |  | House and artistic painting |
| <b>More</b>       |  | Additional categories       |

### 10.6 All Categories Dropdown

Expand to see the full list of artisan skills available.

### 10.7 Featured Artisans

Each artisan card shows:

- **Profile Photo**
- **Name** — e.g., “Melody Adama”
- **Skill** — e.g., “Catering / Cook”
- **Location** — e.g., “Ileto, Ora Ife, Osun”
- **Rating** — Star rating with review count (e.g., ★ 5.0 (0))

- **Availability Badge** — “Available”
- **“View Profile”** button

### 10.8 For Artisans (Creating a Profile)

If you are an **Artisan** account type:

1. Click **“Profile”** button
2. Fill in your profile:
  - Full Name
  - Primary Skill/Trade
  - Secondary Skills
  - Location
  - Portfolio/Photos of work
  - Years of Experience
  - Hourly/Daily Rates
3. Set status to **“Available”**
4. Start receiving job requests!

---

## 11. Business Reports

### 11.1 Accessing Reports

Navigate to **Reports** through the sidebar or footer links.

### 11.2 Report Time Filters

Toggle between time periods:

- **Today**
- **This Week** (default)
- **This Month**
- **This Year**

### 11.3 Summary Cards

Four dark-themed metric cards:

| Card                 | Color                                                                                      | Shows                          |
|----------------------|--------------------------------------------------------------------------------------------|--------------------------------|
| <b>Total Revenue</b> |  Yellow | All revenue in selected period |
| <b>Total Profit</b>  |  Green  | Revenue minus costs            |
| <b>Transactions</b>  |  White  | Number of sales                |
| <b>Avg Margin</b>    |  Green  | Average profit percentage      |

Each card includes a trend indicator:

-  Sales — Revenue trend
-  Gain — Profit trend
-  Count — Transaction count
-  Excellent — Margin rating

## 11.4 Export Options

Three export buttons:

-  **Print** — Print the report
-  **Export CSV** — Download as spreadsheet
-  **Export PDF** — Download as PDF document

## 11.5 Profit Trend Chart

A line chart showing:

- **Yellow line** — Revenue over time
- **Green line** — Profit over time
- X-axis — Dates (e.g., Sat 04 Jul → Wed 01 Jul)
- Y-axis — Amount in ₦

Below the chart, three summary figures show:

- Total Revenue
- Total Profit
- Average Margin

---

## 12. Business Settings

### 12.1 Accessing Settings

Click “**Settings**” in the sidebar or footer.

### 12.2 Store Details Form

Manage your business information:

| Field                 | Required                                                                                | Example                        |

- ☒ Marketplace listing
- ☒ Rider assignment
- ☒ Business settings
- ☒ Notifications for orders

**Registration:** Sign up → Select “Business” → Fill store details

### 14.2 Rider

**For:** Delivery drivers, couriers, logistics providers

**Features:**

- ☒ Rider profile creation
- ☒ Set availability status
- ☒ Choose vehicle type
- ☒ Set service areas
- ☒ Receive delivery requests
- ☒ View assigned deliveries
- ☒ Earnings tracking

**Registration:** Sign up → Select “Rider” → Fill rider profile

### 14.3 Artisan

**For:** Skilled workers (welding, carpentry, tailoring, electrical, painting, catering, etc.)

**Features:**

- ☒ Artisan profile with skills
- ☒ Portfolio/work samples
- ☒ Set availability
- ☒ Set pricing/rates

-  Receive job requests
-  Customer ratings & reviews
-  Service area settings

**Registration:** Sign up → Select “Artisan” → Fill skill profile

#### 14.4 Guest/Shopper (No Account)

**For:** Casual buyers

**Features:**

-  Browse marketplace
-  View products
-  Place orders via WhatsApp (no account needed)
-  In-app orders require account
-  No dashboard access

### 15. Troubleshooting & Tips

#### 15.1 Common Issues

| Problem                   | Solution                                              |
|---------------------------|-------------------------------------------------------|
| Can' t log in             | Check email/password. Use “Forgot Password” if needed |
| Products not showing      | Check if toggle switch is ON (green)                  |
| Orders not appearing      | Click “Refresh” button. Check internet connection     |
| Notifications not working | Ensure browser notifications are enabled              |
| Receipt won' t print      | Check printer connection. Try “Export PDF” instead    |
| Low stock alerts          | Go to Products → check stock quantities → restock     |
| Can' t find a rider       | Expand search area or check different vehicle types   |

#### 15.2 Best Practices

1. **Keep inventory updated** — Regularly check stock levels and update quantities
2. **Process orders quickly** — Accept pending orders promptly to improve customer satisfaction
3. **Add customer details** — Track repeat customers for better service
4. **Review reports weekly** — Use analytics to identify trends and opportunities
5. **Set accurate prices** — Include cost price so margin calculations are correct
6. **Upload clear product images** — Better photos = more sales
7. **Respond to notifications** — Don't let orders sit pending too long
8. **Keep business info current** — Update phone, address, and social links

#### 15.3 Keyboard Shortcuts

| Shortcut            | Action                                 |
|---------------------|----------------------------------------|
| Click sidebar items | Navigate between pages                 |
| Search bars         | Quick find products, customers, orders |
| Toggle switches     | Enable/disable products instantly      |
| Filter dropdowns    | Narrow down lists quickly              |

15.4 Contact Support

If you need help:

- **Email:** [Freemarket.fly@gmail.com](mailto:Freemarket.fly@gmail.com)
- **WhatsApp:** 0912 956 5847
- **Footer Links:** [Privacy](#) | [Terms](#) | [Support](#)

15.5 Security Tips

- Use a strong password
- Don't share your login credentials
- Log out when using shared devices
- Keep your business details accurate for verification
- Regularly check your sales and reports for discrepancies
